Sustainable Enterprise Network Dinner A SENSational event!

The night will be an informal 'elbow knocking' dinner for enterprise owners and managers where you can enjoy a good meal and talk with fellow innovators working towards sustainability and facing the same challenges as you. You will also hear from a keynote speaker (see below)

The dinner will be at 6.30pm on the Wed 25 May, upstairs at Retro Café.

Location	Retro Café (upstairs)
Address	413 Brunswick Street, Fitzroy, Melb
Time	6.30 – 9.00pm
Price	\$30 (incl dinner)

Please Register online now at www.slf.org.au/enterprise. Have a great evening and help build support for sustainable entrepreneurship.

If you can't make the event but want to join the Sustainable Enterprise Network please register your details online so we can contact you about future events and information.

About the speaker: **Steve Ingrouille** (General Manager & Founder, Going Solar)

Steve has owned and managed Going Solar for over 26 years. Going Solar was established in 1978 and is still one of Australia's leading ESD businesses. They provide customers a range of high quality solar panels, develop ESD guidelines and options for councils and community buildings, and a 'Light Tram System' that can be powered by renewable energy which will suit urban fringe and regional cities

A Sustainable Living Foundation initiative:

The Sustainable Living Foundation is focused on accelerating the uptake of sustainable practices and principles. Through its Enterprise platform the foundation is supporting programs to develop new and emerging sustainable enterprises. Visit us at www.slf.org.au/enterprise
