# High Level Youth Leadership Forum

**Sunday August 13th  
10:15AM-11:45AM**

## **From Rhetoric to Action: Defining a Stronger Role for Youth in National and International HIV/AIDS Policies**

This unprecedented meeting between young leaders and prominent global leaders will address the impact of HIV/AIDS on young people and their communities around the world.

New approaches on preventing and mitigating the effects of HIV/AIDS will be explored, along with addressing social and economic factors, affecting young people's lives and health.

The dialogue will examine how young people can play a greater role in influencing national and international policies and programs by being more actively engaged in decision-making, implementation and accountability.
