TOWN HALL MEETING

YouthSexandHIV

Young people have never known a world **without HIV** and yet the youth are the most infected and affected worldwide.

45% of Kenyan youth do not believe that they are **at risk of being infected** with HIV while a very small percentage engage in **protected sex**.

In order to reduce the rate of HIV infections in Kenya, young people need facts, skills, resources, access to health care and to be treated with respect and dignity. Young people have the creativity, energy, and capacity to be equal partners in HIV prevention.

join:
Sizwe from **MTVbase**
& **Carolyn** **Momanyi**
at City Hall to talk
about sex
and HIV!

From July 4- 7 the World YWCA will host an international conference on women and HIV and AIDS. The Town Hall Meeting on Youth, Sex and HIV is a special event for young people to discuss how HIV affects them. Come hear the facts and share your views and experiences!

Date: Sat. July 7, 2007
Time: 11am - 1pm
Venue: City Hall

also featuring
guest speaker: **Deborah Landey**:
Deputy Executive Director of **UNAIDS**
