Call for Volunteers

Want to be a part of the most exciting thing to hit Toronto since Live8?

This summer, Engineers Without Borders is reaching out to Torontonians and challenging them to "Try Fair Trade" and make the switch to fair trade coffee.

We're looking for volunteers who care about human development to distribute information and free samples of fair trade products at select TTC stations during the rush hour on August 1.

All are welcome - we'll train you and teach you everything you need to know!
