Phil clip where he was talking about his knee surgery that he had on the day of the Virginia Tech shootings.

He could barely get the joke out because he was laughing so hard.

Me and my necklace in happier times.

We can watch it burn together, as long as you don't go into labor.

Ralph said that everyone is making fun of it but it's a serious problem.

This work is copyright.

What were the highlights?

Artie said they'd probably trying to figure out if they have to switch over that petcock today and hoping it doesn't get too hot out.

Howard said he was reading Bill Maher's new book and thought it was pretty good.

Ronnie told Benjy to keep writing over there when he heard that joke.

Howard asked him why he doesn't take it to get it fixed.

I burned it in my new firepit!

We hauled all our stuff to a brand-new building.

I've been trying to come up with unique ways to promote the album.

He said that he hates to pile on top but told Ronnie that Howard shouldn't have to know about that kind of bullshit.

That involved pulling some more recording stuff out of storage and hauling it in to the barn.

He said that cold air came out so he waited for it to warm up a little bit.

Howard took some more phone calls about the limo thing and another guy gave him some more "Wah's" about his limo not working.

Howard told Ronnie he must think he's a shit head for putting up with that.

Ralph said that even he has heat and air in his car.

He said he's not going to let Ronnie pick out the limo anymore.

He said he's really embarrassed by the whole thing.

I'd forgotten just how much I loved that show.

He played the clip where he's telling Robin about this "CD Radio" which was just being discussed.

Robin said that if anyone sees a limo pulled over on the side of the road, it's probably Howard just switching on the heat.

He said he uses Picasso limos and they do a great job with his stuff. which seems unbelievable.

Me: It was a piece of shit.

One of them got hit by a car or kicked by a deer or something last night and crawled back paralyzed from the waist down.

I feel almost like a fully-dressed clown at church.

Howard asked Dominic if he could use his car when he takes Beth out.

Howard said that any other person wouldn't put up with this shit.

Me: Of course you wouldn't.

Yep, going for the obvious joke.

Howard said he asked his driver why he was freezing back there.

Howard said his rides aren't even that long usually so a carriage ride might work.

Howard and the guys talked about how crazy that sounds, he has to be on TV to talk about a tragedy even though he had surgery that day.

Howard talked about the O'Reilly stuff and then talked about how this guy Craig Ferguson who has his own talk show.

He was the first astronaut on the moon after-all.

He felt like he wasn't a provider when that happened.

She loved the show as much as I did.

Somehow the album doesn't feel truly released until it shows up there.

Dominic said he can't today because Jeff the Drunk is using it with Beth.

Howard said Ronnie must have wanted to get some "Petcunt" instead of fixing the petcock thing in the limo.

auIf you're confused about copyright when it comes to the use of digital online resources, put on your e-learning apron and come to the Copyright Kitchen workshop.

To think that there's still five more seasons to be released, not to mention the season with Coy and Vance, I can't wait.

Me: I think I'll quote this conversation in my blog.

I'm glad this trilogy is over.

Howard said he's going to call Donald Trump or even Dominic Barbara to find out where they get their cars built.

Howard said he's not sure what to do about this.

Ralph said that even he has heat and air in his car.

It's been kinda tough around the house, especially with this happening back-to-back with my necklace breaking.

They tried not to give away too many of the details so they wouldn't spoil it for the people who hadn't seen it yet.

Howard had Ralph on the phone to pile on top of him about all of that.

George has been getting really good at the bike riding thing lately.

These CD-ROMs can be ordered through your local Framework communication officer by completing the online order form.

Artie asked Ronnie if the car builder looks at it as a problem.

That led to them talking about the Yankees win last night and their loss to the Mets on Saturday.

Howard said he's not sure what to do about this.

Howard had Ralph on the phone to pile on top of him about all of that.

He said the driver told him that Ronnie has a converter in there that has to be switched from heat to cold and it was on cold for the summer.

Beth asked him to turn on the heat so he went to do that and nothing came out.

Howard had a caller on the line who said that would be like buying a new plasma TV that only works in black and white and keeping it.

Just like that dresser was.

Howard told Ronnie that Donald Trump has a car that Beth rode in for an interview, and he had heat.

He's not sure how much it cost him though.

Wife: But, we built that together.

Users will need a Learning Times login and Elluminate software to listen to these sessions.

I've actually got a few photos from the recording session, but iPhoto is telling me that I'm not using the latest version, but that I've used the latest version in the past.

He and Fred talked about that car because Fred remembers it being bullet proof and running no matter what.

Ralph said that even he has heat and air in his car.

Howard said that he accepted the heat problem before but he's usually by himself

in the car.

s of Bill O'Reilly talking about how he has golf balls for sale.  
Howard interrupted the clip and said that CD Radio was the original name of SIRI  
US.  
That particular book actually belonged to me when I was a kid.  
I watched my share of those home improvement shows.  
I've been doing some work on the website lately.  
Since I don't recall ever seeing one feature the building of a fire-pit I really  
didn't know precisely how to do this.  
Ronnie said he tried everything he could with that car.  
Ralph said that if he had a fleet of limos he'd probably have better luck with t  
hat.  
Here's a shot from my perspective of my new desk.  
While some mediocre attempts were made at fishing and golf, most of my free time  
was focused on promoting the album online.  
He repeated the joke twice to make sure people got it.  
I'm not exactly sure how many, but they would have certainly been enough to hous

e that third pig and his two retarded brothers.

Oddly enough, I'm feeling a little low in the comedy department today.

George has been getting really good at the bike riding thing lately.

We also have two Individual projects, one TAFE and one non-TAFE.

The heat in my LIMO doesn't work.

He said that no one would hire him if he refused to get something like that fixed.

Howard told Ronnie that Donald Trump has a car that Beth rode in for an interview, and he had heat.

He said that cold air came out so he waited for it to warm up a little bit.

What would be done differently the next time e-learning is benchmarked?
