For the first few days both dogs slept very happily in the box then Loulou trip led in size and the box was no longer suitable for her.
Expectant mum Inflammation, West Highland White Expectant mum Inflammation, We

st Highland White Inflammation of the breasts Normal nursing glands are soft and enlarged.

we only put paper near the back door and nine times out of ten that is where they will do it.

It's nice to see the new owners taking notice of Loulou and Bruce before going anywhere near the pups.

Breeding Westie's is not a hobby, it can be demanding, complicated and is not something the average home owner should dabble with.

The vet asked if we could bring the pups and Loulou to the surgery for a check up, so an appointment was made for the evening.

I told the vet the good news, three boys and two girls.

Make sure she has warm bedding and plenty of food and water.

Mum and pups are doing fine.

This dose should be continued for twelve weeks as a preventative measure.

Whilst Loulou licked her pup we emptied a plastic storage container, gave it a quick clean then filled it with blankets.

Make sure she has warm bedding and plenty of food and water.

When the box was finished I placed all the blankets inside to make it comfortable for Loulou.

The Romans adopted the Celtic practices as their own.

It is important to keep the pups nursing the affected glands, this helps flush out the infected material.

Not realizing at the time Loulou wanted to get her bed ready for the big day, and wanted Bruce out the way.

If you hear of any stories, no matter how unlikely they are, report them to your local animal welfare society.

The breeder should also tell you how to look after the pup and what food to give.

The children could not believe it when they counted six pups.

They love it, so does mum and dad.

Two of the boys Muttley and Dougal spend loads of time together, either playing or sleeping together.

She was in the box like a shock along with Bruce.

We have started paper training.

I could not believe my eyes, five pups all suckling away.

Home breeding Westie Guardian, Has new family This is a story of a Westie owner whose who decided to breed from the family pets.

Tuesday the pups had their first injections and out of the six only two of them cried.

Mum and pups are doing fine.

At the time, it was believed that the dead remained in limbo for a time after death, and that prayer, even by strangers, could expedite a soul's passage to heaven.

Is the getting them back in again?

Loulou who is nearly two and Bruce who is eighteen months.
