- *Young professional women are encouraged to apply.*
 - *For enquiries, please call Rotimi Olawale on 08057704111*

ABOUT MEETtheCEO

MEETtheCEO is a creative concept developed by e-cube consulting that seeks to provide a unique opportunity for 20 carefully selected dynamic young persons to meet with a top rated Nigerian CEO for a period of 90 minutes (football time).

MEETtheCEO will provide opportunity for the young persons to benefit from the rich experience of the CEO by asking them question about their job, life, success, failures how they have dealt or are dealing with challenges, how they manage time and how they are steering their companies/organizations to respond quickly to change in an ever dynamic world.

The 20 young persons will be selected through a rigorous exercise that will ensure that the brightest and smartest applicants are selected to participate in the meeting. Specifically, young women are encouraged to apply, and will be given preferences during the selection process.

The first edition of the MEETtheCEO program will hold in October 2007.

The 20 selected young persons will have the opportunity to meet with the CEO in his domain (possibly his office or his boardroom).

E-cube consulting will work with a staff of the CEO to develop a profile/bio of the CEO ad his company which will be distributed to the selected participant 7 days before the event so as to give the participants deeper background knowledge of the CEO and ensure that they are fully prepared for the event.

The MEETtheCEO concept is expected to achieve the following objectives;

- Provide an opportunity for young people in Nigeria to learn from the successes and failures of CEOs in corporate Nigeria.
- Bridge the inter-generational knowledge gap that exist in Nigeria
- Sow the seed of 'belief in the Nigerian project' in young people

- Provide an opportunity for CEOs to share their experiences and provide direct mentorship for young people in Nigeria
- Create a unique learning environment for young people to learn vital life skills and values for success in their personal life and career.

The main goal of the MEETtheCEO program is to reach 1000 young people by the end of 2010.

ABOUT E-cube consulting

E-cube consulting is a company established by three partners in July 2007 with the mission *“To create a Nigeria of our dreams through our commitment to equip an excellent generation of young people committed to National development”*.

E-cube is governed by 5 core values. The core values are:

Proactiveness

Responsiveness

Integrity

Creativity

Excellence

As part of its commitment to equip an excellent generation of young people committed to National development, e-cube consulting has developed the MEETtheCEO project.

The MEETtheCEO project is expected to equip and inspire 1000 young people by December 2010.
