

WORLD AIDS DAY 2009 COMMEMORATION: SAMPLE ACTION PLAN

THEME: Universal Access and Human Rights

Time {Between last week of November and First week of December,2009}

Justification:

The theme has been chosen to address the critical need to protect human rights and attain access for all to HIV prevention, treatment, care and support. It also acts as a call to countries to remove laws that discriminate against people living with HIV, women and marginalized groups.
