Internships@Merck

ABOUT MERCK

Merck & Co., Inc. is a global research-driven pharmaceutical company dedicated to putting patients first. Established in 1891, Merck discovers,

develops, manufactures and markets vaccines and medicines in over 20 therapeutic categories. The company devotes extensive efforts to increase access to medicines through far-reaching programs that not only donate Merck medicines but help deliver them to the people who need them. Merck also publishes unbiased health information as a not-for-profit service. For more information, visit www.merck.com.

DID YOU KNOW?

- Merck's Summer Internship Program started in 1951. Dr. Roy Vagelos – who was an intern in 1951 – became the CEO of the company in 1985
- Merck was on Fortune magazine's "Best Company" list, including designation as a Fortune "Blue Ribbon" Company, for multiple listings
- DiversityInc named Merck one of the "Top 50 Companies for Diversity," "Top 10 Companies for People With Disabilities" and "Top 10 Companies for GLBT Employees"
- Hispanic Magazine named Merck one of the "Top 100 Companies for Latinos"
- National Association for Female Executives (NAFE) named Merck one of the "Top 30 Companies for Executive Women"

CONSIDER THIS

The Intern/Graduate Associate and Co-op Program will give us both a competitive edge. We will benefit from using your talent and skills – and hope to retain them in the future. You will gain a valuable and meaningful work experience – one that can serve as a starting block to a prosperous career.

INTERN ASSIGNMENTS

The Intern/Graduate Associate Program usually lasts between 10–12 weeks and will include one or more projects. Additionally, 6-month Co-Op assignments are also available. Whatever your field of interest, Merck has opportunities that can provide you with great development and a chance to see if we are the right company for your long-term goals.

Interns work in the following divisions:

- Merck Research Laboratories (MRL) – in Basic Research, Preclinical Research, Preclinical Development, Research Planning and Integration, and Clinical Sciences
- Merck Manufacturing (MMD) – in Production, Technical Operations, Quality Control, Materials Management, Planning, Central Engineering, Facility Engineering and Global Procurement
- Corporate – in Finance, Human Resources and Public Affairs
- Human Health – in Pharmacy Affairs and Marketing
- Information Services (IS) – in Customer Group, Infrastructure Group and Process Group
